**Note:**  
 The chip pictures shown above are pictures of APEX's Unismart chips.  
 All other brand or product names mentioned are intended to show compatibility only.  
 Unismart Product Code: Some product code is ended with "-L1". The "-L1" means: "Shipping lock" problem of the printer model can be solved;  
 Unismart Product Code: Some product code is ended with "-N". The "-N" product code means it contains non-original information;  
 The Jig with "standard" means it is standard configuration for the first-time buyer. "optional" means it costs extra.  
 The red words mean the new models updated by this version.
